

DATE: June 26, 2024
TO: Mayor and City Council
FROM: Assistant City Manager
SUBJECT: Solid Waste and Recycling Collection Contract Extension

RECOMMENDED ACTION

Approve the contract amendment to extend the solid waste and recycling collection contract effective November 1, 2024 through October 31, 2029 with annual termination provisions. The 2024 through 2026 rate of \$19.66 per month for residential customers.

BACKGROUND

In early 2024, Council requested staff investigate possible changes to the solid waste contract. Changes of interest included:

- Senior discount
- Volume based billing
- Weekly recycling schedule
- Franchise fee reduction to offset such changes

After an unfavorable response from WM and during the last presentation in May, staff was directed to pursue “locking-in” a rate. Waste Management has agreed to keep the rate at \$19.66 per month for residential accounts through October 31, 2026 (total of 3 years) with the contract term extended to October 31, 2029. There were a couple of additions to the city facility list that are also included.

No other changes are proposed for the contract.
