

MEMORANDUM

DATE: *August 27, 2025*

TO: Mayor and City Council

FROM: Assistant City Manager *[Signature]*

SUBJECT: Local Maintenance & Improvement Grants
FY2026 Roadway Repair & Resurfacing

RECOMMENDED ACTION

Authorize the Mayor to sign and submit the application for the FY 2026 Georgia Department of Transportation (GDOT) Local Maintenance and Improvement Grant (LMIG) program for improvements to the proposed list provided in the staff memo.

BUDGET IMPACT

The proposed budget for this work in 2026 is \$ 1,000,000. Funding from the state through this program accounts for \$ 287,574.39. A 30% match is required or a minimum of \$ 86,272.32 (additional) local match requirement currently funded by SPLOST dollars. The project as currently scoped is estimated at a cost of \$ 983,578 and includes a local share exceeding the match requirement.

DISCUSSION

In 2025, we were (will be) able to complete repairs on about 4.7 miles on 23 different streets with the Local Road Assistance program in addition to LMIG. The initial LMIG'25 request included 15 streets (3.03mi) at a cost of \$862,860. Staff recommends submitting the following (14) streets (3.26 miles) based on roadway score, location and pulled from the current road condition assessment system scoring an average PCI of 37. The streets are listed below with the corresponding lengths, cost (based on the actual unit prices from the FY25 contract adjusted for inflation), and score. Staff will present the full scope of the 2026 paving program when the bids are ready to present in early 2026.
