

Sugar Hill Hires New Waste Hauler

The Sugar Hill City Council awarded Advanced Disposal the citywide waste disposal contract. The new service will begin November 1st. The contract was put out for competitive proposals and Advanced Disposal offered the best prices for our citizens. We have negotiated a reduction on the price for 90 and 65 gallon carts, in addition to the price for individual bags. The new pricing is \$11.50 and \$10.00 / month for the carts and \$1.25 for the individual bags or \$25.00 for a box of 20. The bags will be of the same or better quality as the current bag system. Advanced Disposal will honor your old bags and will have the new boxes for sale at the same locations in mid to late October. You will be receiving letters and flyers concerning the change over the next month. You will also be able to find more information regarding waste collection on the City website www.cityofsugarhill.com

Construction Watch: New and Ongoing

Handrails are complete on the walking trail bridges in Gary Pirkle Park. The massive field lights are installed and tested. Additional bathrooms & parking are in the planning stages along with sun shelters. These additions will push the opening to next spring.

News Bites:

- The newly formed Lanier Athletic Association presented a request to the Mayor and Council for official recognition of their organization. The goal of the group is to facilitate a sports support program for the new Lanier School Cluster, and act as a feeder organization to the new high school sports programs. As part of their program they want Sugar Hill children to participate in local facilities and the City's new park developments. As the City develops E E Robinson Park into an all baseball facility, soccer programs will be moved to Gary Pirkle Park. Access to the new fields will be subject to schedules and availability with the Sugar Hill Recreation Department.
