Tap Ballet:

The Tap/Ballet is a 45-minute class divided with 20 minutes of tap and 25 minutes of ballet. Since ballet is the basis for all dance technique, the combination of both works hand in hand. The technical training is taught through ballet, which in turn helps teach the proper shifting of weight and patterns in movement for tap. Since children naturally respond to music and movement, all of the activities are executed to fun music. Students will need black tap shoes, pink ballet shoes, pink ballet tights and a leotard. Join us for our Spring Session with a Recital held on April 24th!
